Quote from student

Tristan Girdwood
Bachelor of Science

“I had an awesome time, learned a lot about Sweden and Europe, met amazing people and had exciting experiences with them because on exchange, most people are enthusiastic, adventurous and keener to do things. It is very different to LU, so it’s great to have a different perspective of university life, and has given me a greater appreciation for LU. I recommend doing an exchange to everyone who talks to me about it, and we’re lucky enough at LU to have the opportunity and support to do so.”
